

Do You Know Why the State National Bank Has Grown Faster Than Any Other Bank in the Sunshine State?

Because every patron has been fairly and courteously treated regardless of the size of the account.

Because the management, while progressive, has operated along those time-tried lines of conservative business methods which mean security.

Because this bank has demonstrated its financial solidity, its business judgment and its strict integrity.

Because this bank has at all times offered service that is unsurpassed in the southwest.

Because this bank has demonstrated that it considers its own best interests identical with those of Albuquerque and New Mexico.

There are other reasons which we would like to give you if you will pay us a call. You will be welcome at all times.

Probably you people of Albuquerque do not know just how fast this bank has grown. Read the following statement and see:

COUNTY INSTITUTE STARTS THIS MORNING

Large Attendance of Teachers at Normal Under Direction of Prof. John V. Clark; Will Last for Two Weeks.

"Santa Fe, N. M., June 2. Atamio Montoya, County School Superintendent, Albuquerque, N. M., today extended to all those in attendance at the normal institute a most hearty welcome and the reason of the city and expressed his best wishes for a successful meeting. We fully appreciate the responsibility that rests with our public school teachers in moulding the future character of our citizenship."

"D. K. B. SKELLES, Mayor." The foregoing telegram was received this morning and read at the opening session of the institute. With an attendance even larger than anticipated, a most flattering interest and most competent instruction, the Bernillo County Normal Institute was opened this morning in the Central high school building by the director, Professor John V. Clark, assisted by Mrs. T. J. Butts, in charge of the model school, and Professor Bowditch, superintendent of the state schools. The sessions will last two weeks and the outlook is for the best normal ever held in the county. A new spirit of enthusiasm and interest, and an esprit de corps has made its appearance in the county schools in the past few months and it was plainly apparent when the sessions of the teachers' institute opened this morning.

At the opening of the institute, and preliminary to the assignment of the work for the month, Superintendent Montoya outlined the aims and purposes of the institute in a short and interesting talk. This afternoon the work is well under way. Mrs. Butts, who has had eighteen years experience in primary work in the schools here, has twenty children in the model class and the work in that department will prove especially interesting.

Prof. Bowditch, who is a graduate of the University of Kentucky and a young educator of modern ideas, will be an invaluable adjunct to the institute. Prof. Clark's work is well known and no better conductor could have been selected. The following were in attendance this morning: Miss Ethel Fredericks, Mrs. G. E. Richards, Miss Aurelia Montoya, Miss Angela Perez, Miss Virginia Garcia, Mrs. Lillian Sallie, Mrs. Mary Gurule, Miss Elizabeth Wells, Miss Lorena Wells, Miss Bertha J. Anderson, Miss Lorena Rogers, Margaret Sadler, Miss Laura B. Boushka, Miss Teresa Armijo, Miss Isabel Connelly, Miss Evelyn Sturdevant, Miss Gertrude Edwards, Miss Eudora Cooperthwaite, Mrs. Hattie Dye, Miss Erna Schroeder, Miss Ruth E. Goss, Jose Salazar, Miss Genevieve Tierney, Miss Edna McChesney, Miss Selma J. Anderson, Miss Lorena Rogers, Miss Rosalie Shields of James, Maximo A. Perez of Alameda, J. R. Jiliera, Jose de Jesus Lopez, Miss Helen Akers, Miss Helen Schmidt.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is required is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it at once and see how quickly it will relieve the pain and soreness. Sold by all druggists.

NEED THE COUNTY HIGH SCHOOL SAYS SUPERINTENDENT

Pupils Will Be Ready to Begin Work Next Year If Bill Passes; Elementary Agriculture Course Proposed.

That Bernillo county offers a splendid field for a new county high school under the bill now pending in the legislature and that the district schools will furnish the necessary pupils by next year, was the statement made today by county superintendent of schools Atamio Montoya. "We could supply qualified pupils by next year without difficulty," said Mr. Montoya, "and from then on there would be no trouble in giving the high school all the work it could do. It would be the greatest thing that ever happened to rural education in this county. I should think a building to cost from \$15,000 to \$20,000 would be desirable and there should be four or five teachers. My idea is to have courses in manual training, domestic science and especially elementary agriculture, including instruction in sericulture, milk testing, stock judging and other things which would be of immense practical value to the native boys and girls."

Plans are rapidly being perfected for the issuance of bonds in the sum of about \$3,000 for a new and adequate school building at Barrios in place of the present dilapidated make shift and there is every reason to believe that the coming year will see work well advanced on a new modern building, as this is one of the most populous and worst equipped of all the school districts.

Misses Goss, Schroeder and Keeler have been reappointed by the directors to teach in the Barrios school next year. Teaching babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McNEE'S BABY EXLIXIR. It corrects your stomach, cools and quiets the bowels and helps digestion. Price 25c and 50c per bottle. Sold by all druggists.

SELIG COMPANY TO BRILLIANT SUCCESS CATCH IMMENSE STOCK ROUNDUP IS PREDICTED FOR OPERETTA

Cattle Upon a Thousand Hills in Datil Forest to Be Background for Stirring Photoplay.

One of the biggest photoplays aunts ever pulled off in New Mexico will happen in the near future at the Pajarito ranger station on the Datil National Forest, 100 miles from Magdalena, when the Selig Polyscope company with a company of some thirty actors and actresses will stage a thrilling western drama around a swirling, milling mass of some 30,000 cattle, the latter reproducing with the utmost fidelity the typical picturesque roundup of the old range days. The assembly of horned beasts is to be under the direction of the forest service which is to round up the cattle on the Datil forest for counting.

A flotilla of automobiles will be held in readiness at Magdalena; Supervisor Goddard will advise assistant secretary Dugger of the immigration bureau by wire when the roundup starts and the latter will communicate similarly with Mr. Selig who will send his troupe to the scene at once.

Following this the company will likely be shipped to Pajarito park north of Santa Fe where the famous ruins of the homes of the Cliff dwellers will be used as a setting for a remarkable photoplay which will probably be something on the order of "The Cave Man" the remarkable film shown in this city some time ago.

Advertising that Advertisers Some idea of what it means to Albuquerque to get in on the vitascope circuit may be gained from the fact that Louis Ingles, of the American Lumber company, has received from a small Indiana town a clipping of an advertisement of a moving picture theater announcing the forthcoming appearance of a film showing "The American Lumber company plant, Albuquerque, New Mexico, Largest Lumber Mill in the World."

When it is considered that this film, taken recently by the Nestor people here will be viewed by hundreds of thousands of people all over the United States, the value of the publicity begins to become slightly apparent.

JOBBER TO CONFER WITH RETAILERS WEDNESDAY

Trade Relations to Be Discussed at Meeting of Retail Merchants' Association; Membership Now 125.

A conference will be held between jobbers and retailers of Albuquerque at a meeting of the Retail Merchants' association, to be held in the office of the secretary, 111 South Fourth street, Wednesday night, beginning at 8 o'clock. Trade relations will be discussed at length. The Retail Merchants' association in this city now has a membership of 125 and is growing rapidly.

BAZAAR COMPLETE SUCCESS

Miss Lela Armijo Wins \$400 Piano; Biograph Man Wins Flynn-Curley Gloves; Many Other Prizes Awarded.

A summary of receipts and expenditures made today by the ladies of Immaculate Conception parish shows that the four day bazaar given in the Waller and Benjamin building last week was a complete success financially. The bazaar was also a splendid success socially, every patron having been well entertained. The grand finale of the bazaar happened Wednesday night. The chief excitement of the evening was the raffling off of the various articles on which chance had been sold. Miss Lela Armijo won the \$400 piano donated by Mrs. Petra Garcia. Frank Evans, a member of the Biograph photoplay troupe, won the set of boxing gloves presented to the bazaar by Jack Curley and Jim Flynn through Mrs. J. E. Smith. Miss Grace Borradaile won the diamond ring for identifying Mr. Hatfield, who proved to be Will White.

Tickets for Production Are on Sale at Matson's for Any Seating the Elks' Theater.

With the day for the presentation of "Saul, King of Israel," almost here, there is every indication that the girls of St. Vincent's academy, who are to stage the operetta in the Elks' theater on Wednesday afternoon, will score a brilliant success. The demand for tickets for the operetta has been exceptional and it is now certain that a crowded house will witness the performance. Tickets are on sale at Matson's at fifty cents each, the holder of a ticket being entitled to a seat in any part of the house. There will

Miss Teresa Mattimore, talented soprano soloist, who is to sing the part of "Jonathan" in Academy operetta Wednesday afternoon in Elks' theater.

be no reserved seats, those arriving first at the theater door being the first seated. A final dress rehearsal for the operetta will be held tomorrow morning, after which the moving of the cast will rest until Wednesday afternoon.

PLEASANT PARTY TO CELEBRATE COMING NUPTIALS OF TEACHERS

Mrs. C. A. Thorp entertained the teachers of the first ward school by giving an afternoon party last Friday at her home on South Edith street, in honor of Miss Susie Gray, Beatrice Slight and Julia Maycock, who are to be married during the summer.

The affair proved to be a very enjoyable one. The decorations were pink and green. The greatest amusement of the afternoon was the attempt to find out who would resign next year to get married. Those present were Mrs. L. E. Butts, Misses Winifred Hilliard, Stella De Tullio, Addie Vaughn, Myrtle Plant, Ida Hughes, Susie Gray, Beatrice Slight and Julia Maycock. Mrs. Thorp was assisted in entertaining by her niece, Mrs. J. E. Higgins and two little daughters, Mildred and Mary.

Jaffa's Bread Is Best.
HELP THE KIDNEYS.
Albuquerque Readers Are Learning the Way.

It's the little kidney ills—The lame, weak or aching back—The unnoticed urinary disorders—That lead to dropsy and Bright's disease.

When the kidneys are sick, Help them with Doan's Kidney Pills.

A remedy especially for sick kidneys. Doan's have been curing kidney troubles for 75 years.

Endorsed by 50,000 people—endorsed at home.

Proof in an Albuquerque citizen's statement.

Mrs. J. V. Ament, 139 North Arno St., Albuquerque, N. M., writes: "Doan's Kidney Pills were first brought to my attention when we lived in Aurora, Ill., about five years ago. They were used at that time by a member of our family who was suffering from kidney complaint. A tired, languid feeling was present and the kidney secretions were disordered. Doan's Kidney Pills brought prompt relief from these difficulties and acted as a tonic to the entire system. When there has been need of a kidney remedy since then, Doan's Kidney Pills have never failed to prove of benefit."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

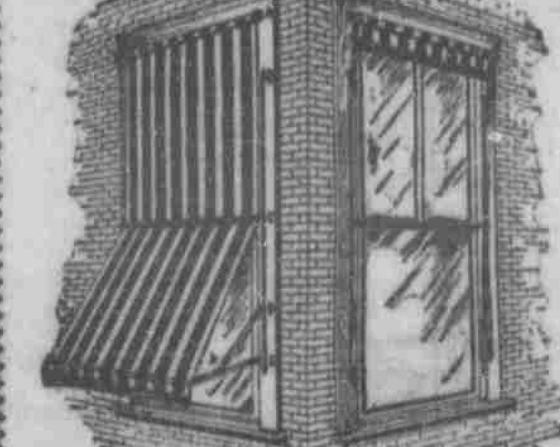

KIPLING SAYS—
"A woman is only a woman my boy, But a good cigar is a smoke." He uses poetic license there, For that sentiment is merely a joke. He should have said instead, My boy, And you will agree, I think, That a woman is only a woman my boy, But Glorieta Beer is a drink
